REPUBLIC OF LITHUANIA AND THE GOVERNMENT OF
THE KINGDOM OF BELGIUM FOR THE AVOIDANCE OF

General disclaimer on the Synthesised text document

This document presents the synthesised text for the application of the Convention between Lithuania and Belgium for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income signed on 26 November 1998 (the “Convention”), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting signed by Lithuania and Belgium on 7 June 2017 (the “MLI”).

The document was prepared on the basis of the MLI position of Belgium submitted to the Depository upon ratification on 26 June 2019 and of the MLI position of Lithuania submitted to the Depository upon ratification on 11 September 2018. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on this Convention.

This document was prepared jointly by the competent authorities of the Republic of Lithuania and the Kingdom of Belgium and represents their shared understanding of the modifications made to the Convention by the MLI.

The authentic legal texts of the Convention and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as “Covered Tax Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Convention or to the Convention must be understood as referring to the Convention as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

CONVENTION BETWEEN THE GOVERNMENT OF THE REPUBLIC OF LITHUANIA AND THE GOVERNMENT OF THE KINGDOM OF BELGIUM FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME, SIGNED AT BRUSSELS ON 26 NOVEMBER 1998.

The Government of the Republic of Lithuania and the Government of the Kingdom of Belgium,

[REPLACED by paragraph 1 of Article 6 of the MLI] [Desiring to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income,]

The following paragraph 1 of Article 6 of the MLI replaces the text referring to an intent to eliminate double taxation in the preamble of this Convention:

ARTICLE 6 OF THE MLI – PURPOSE OF A COVERED TAX AGREEMENT

Intending to eliminate double taxation with respect to the taxes covered by [*this Convention*] without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in [*this Convention*] for the indirect benefit of residents of third jurisdictions),

have agreed as follows:

CHAPTER I – SCOPE OF THE CONVENTION

ARTICLE 1 – PERSONAL SCOPE

This Convention shall apply to persons who are residents of one or both of the Contracting States.

ARTICLE 2 – TAXES COVERED

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income or on elements of income, including taxes on gains from the alienation of movable or immovable property, as well as taxes on capital appreciation.

3. The existing taxes to which the Convention shall apply are in particular:

a) in the case of Lithuania:

- (i) the tax on profits of legal persons (juridiniu asmenu pelno mokestis);
 - (ii) the tax on income of natural persons (fiziniu asmenu pajamu mokestis);
- (hereinafter referred to as “Lithuanian tax”);

b) in the case of Belgium:

- (i) the individual income tax;
- (ii) the corporate income tax;
- (iii) the income tax on legal entities;
- (iv) the income tax on non-residents;
- (v) the supplementary crisis contribution;

including the prepayments, the surcharges on these taxes and prepayments, and the supplements to the individual income tax;

(hereinafter referred to as “Belgian tax”).

4. The Convention shall apply also to any identical or substantially similar taxes which are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes which have been made in their respective taxation laws.

ARTICLE 3 – GENERAL DEFINITIONS

1. For the purposes of this Convention, unless the context otherwise requires:
 - a) the term "Lithuania" means the Republic of Lithuania and, when used in the geographical sense, means the territory of the Republic of Lithuania and any other area adjacent to the territorial sea of the Republic of Lithuania within which under the laws of the Republic of Lithuania and in accordance with international law, the rights of Lithuania may be exercised with respect to the sea bed and its sub-soil and their natural resources;

ARTICLE 4 – RESIDENT

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or any other criterion of a similar nature. The term also includes that State itself, its political subdivisions and local authorities. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:
 - a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, the competent authorities of the Contracting States shall endeavour to settle the question by mutual agreement. In the absence of such agreement, such person shall not be considered to be a resident of either Contracting State for the purposes of enjoying benefits under the Convention.

ARTICLE 5 – PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term “permanent establishment” includes especially:
 - a) a place of management;
 - b) a branch;
 - c) an office;
 - d) a factory;
 - e) a workshop, and
 - f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.
3. A building site, a construction, assembly or installation project or a supervisory or consultancy activity connected therewith constitutes a permanent establishment only if such site, project or activity lasts for a period of more than nine months.
4. **[MODIFIED by paragraph 3 and paragraph 4 of Article 13 of the MLI]** [Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:
 - a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
 - c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
 - e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
 - f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.]

The following paragraph 3 of Article 13 of the MLI applies to paragraph 4 of Article 5 of this Convention:

ARTICLE 13 OF THE MLI – ARTIFICIAL AVOIDANCE OF PERMANENT
ESTABLISHMENT STATUS THROUGH THE SPECIFIC ACTIVITY
EXEMPTIONS (*Option B*)

Notwithstanding [Article 5 of this Convention], the term “permanent establishment” shall be deemed not to include:

- a) the activities specifically listed in [paragraph 4 of Article 5 of this Convention] as activities deemed not to constitute a permanent establishment, whether or not that exception from permanent establishment status is contingent on the activity being of a preparatory or auxiliary character, except to the extent that [the provision] provides explicitly that a specific activity shall be deemed not to constitute a permanent establishment provided that the activity is of a preparatory or auxiliary character;
- b) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any activity not described in subparagraph a), provided that this activity is of a preparatory or auxiliary character;
- c) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) and b), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

The following paragraph 4 of Article 13 of the MLI applies to paragraph 4 of Article 5 of this Convention as modified by paragraph 3 of Article 13 of the MLI:

[Paragraph 4 of Article 5 of this Convention, as modified by paragraph 3 of Article 13 of the MLI,] shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same [Contracting State] and:

- a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of [Article 5 of this Convention]; or
- b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation

5. **[REPLACED by paragraph 1 of Article 12 of the MLI]** [Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent

establishment under the provisions of that paragraph.]

The following paragraph 1 of Article 12 of the MLI replaces paragraph 5 of Article 5 of this Convention:

ARTICLE 12 OF THE MLI – ARTIFICIAL AVOIDANCE OF PERMANENT
ESTABLISHMENT STATUS THROUGH COMMISSIONNAIRE
ARRANGEMENTS AND SIMILAR STRATEGIES

Notwithstanding [Article 5 of this Convention], but subject to [paragraph 2 of Article 12 of the MLI], where a person is acting in a [Contracting State] on behalf of an enterprise and, in doing so, habitually concludes contracts, or habitually plays the principal role leading to the conclusion of contracts that are routinely concluded without material modification by the enterprise, and these contracts are:

- a) in the name of the enterprise; or
- b) for the transfer of the ownership of, or for the granting of the right to use, property owned by that enterprise or that the enterprise has the right to use; or
- c) for the provision of services by that enterprise,

that enterprise shall be deemed to have a permanent establishment in that [Contracting State] in respect of any activities which that person undertakes for the enterprise unless these activities, if they were exercised by the enterprise through a fixed place of business of that enterprise situated in that [Contracting State], would not cause that fixed place of business to be deemed to constitute a permanent establishment under the definition of permanent establishment included in the provisions of [Article 5 of this Convention].

6. **[REPLACED by paragraph 2 of Article 12 of the MLI]** [An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, where the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise and where the conditions between the agent and the enterprise differ from those which would be made between independent persons, such agent shall not be considered an agent of an independent status within the meaning of this paragraph. In such case the provisions of paragraph 5 shall apply.]

The following paragraph 2 of Article 12 of the MLI replaces paragraph 6 of Article 5 of this Convention:

ARTICLE 12 OF THE MLI – ARTIFICIAL AVOIDANCE OF PERMANENT
ESTABLISHMENT STATUS THROUGH COMMISSIONNAIRE
ARRANGEMENTS AND SIMILAR STRATEGIES

[Paragraph 1 of Article 12 of the MLI] shall not apply where the person acting in a [Contracting State] on behalf of an enterprise of the other [Contracting State] carries on business in the first-mentioned [Contracting State] as an independent agent and acts for the enterprise in the ordinary course of that business. Where, however, a person acts exclusively or almost exclusively on behalf of one or more enterprises to which it is closely related, that person shall not be considered to be an independent agent within the meaning of this paragraph with respect to any such enterprise.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a

company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

The following paragraph 1 of Article 15 of the MLI applies to provisions of this Convention:

**ARTICLE 15 OF THE MLI – DEFINITION OF A PERSON CLOSELY RELATED
TO AN ENTERPRISE**

For the purposes of the provisions of [*Article 5 of this Convention*], a person is closely related to an enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, a person shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) or if another person possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise.

CHAPTER III – TAXATION OF INCOME

ARTICLE 6 – INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income

from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The provisions of this Convention relating to immovable property shall apply also to income from property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property, rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources, and any option or similar right to acquire immovable property. Ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. Where the ownership of shares or other corporate rights in a company entitles the owner of such shares or corporate rights to the enjoyment of immovable property held by the company, the income from the direct use, letting, or use in any other form of such right to enjoyment may be taxed in the Contracting State in which the immovable property is situated.

5. The provisions of paragraphs 1, 3 and 4 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7 – BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere, but this does not include any expenses which under the law of that State would not be allowed to be deducted by an enterprise of that State.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8 – SHIPPING AND AIR TRANSPORT

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9 – ASSOCIATED ENTERPRISES

1. Where:

- a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. **[REPLACED by paragraph 1 of Article 17 of the MLI]** [Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.]

The following paragraph 1 of Article 17 of the MLI replaces paragraph 2 of Article 9 of this Convention:

ARTICLE 17 OF THE MLI – CORRESPONDING ADJUSTMENTS

Where a [*Contracting State*] includes in the profits of an enterprise of that [*Contracting State*] — and taxes accordingly — profits on which an enterprise of the other [*Contracting State*] has been charged to tax in that other [*Contracting State*] and the profits so included are profits which would have accrued to the enterprise of the first-mentioned [*Contracting State*] if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other [*Contracting State*] shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of [*the Convention*] and the competent authorities of the [*Contracting States*] shall if necessary consult each other.

ARTICLE 10 – DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
 - a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 25 per cent of the capital of the company paying the dividends;
 - b) 15 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term “dividends” as used in this Article means income from shares, “jouissance” shares or “jouissance” rights, mining shares, founders’ shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11 – INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2:
 - a) interest arising in a Contracting State, derived and beneficially owned by the Government of the other Contracting State, including political subdivisions and local authorities thereof, the Central Bank or any financial institution wholly owned by that Government, or interest paid in respect of a loan guaranteed or insured by that Government, subdivision or authority or a public institution acting within the framework of the promotion of the export and which is agreed upon by the mutual agreement of the competent authorities of both Contracting States, shall be exempt from tax in the first-mentioned State;
 - b) interest arising in a Contracting State shall be exempt from tax in that State if the beneficial owner of the interest is an enterprise of the other Contracting State, and the interest is paid with respect to an indebtedness arising as a consequence of the sale on credit by an enterprise of that other State of any merchandise, or industrial, commercial or scientific equipment to an enterprise of the first-mentioned State, except where the sale or indebtedness is between related persons.
4. The term “interest” as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor’s profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. However, the term "interest" shall not include for the purposes of this Article penalty charges for late payment or interest treated as dividends for the purposes of Article 10.
5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
7. Where by reason of a special relationship between the payer and the beneficial owner or between

both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 12 – ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed:

- a) 5 per cent of the gross amount of the royalties paid for the use of industrial, commercial or scientific equipment;
- b) 10 per cent of the gross amount of the royalties in all other cases.

3. The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films and films or tapes for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. PROTOCOL

At the moment of signing the Convention between the Government of the Republic of Lithuania and the Government of the Kingdom of Belgium for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income, the undersigned have agreed upon the following provisions which shall form an integral part of the Convention.

1. Ad Article 4, paragraph 3

It is understood that the second sentence of paragraph 3 shall not be interpreted as prohibiting a Contracting State to eliminate double taxation in accordance with Article 23 in respect of persons mentioned in paragraph 3 of Article 4.

2. Ad Article 6, paragraph 2

It is understood that the term “variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources” also includes payments relating to the production from such resources.

3. Ad Article 6, paragraph 3, and Article 13, paragraph 1

It is understood that all income and gains from the alienation of immovable property may be taxed in the Contracting State in which the immovable property is situated.

4. Ad Article 7, paragraphs 1 and 2

Where an enterprise of a Contracting State sells goods or merchandise or carries on business in the other Contracting State through a permanent establishment situated therein, the profits of that permanent establishment shall not be determined on the basis of the total amount received by the enterprise but only on the basis of the remuneration which is attributable to the actual activity of the permanent establishment for such sales or business.

However, profits derived from the sale of goods or merchandise of the same or similar kind as those sold, or from other business activities of the same or similar nature as those effected, through that permanent establishment may be considered attributable to that permanent establishment if it is proved that the sale or activities were structured in a manner intended to avoid taxation in the State where the permanent establishment is situated.

5. Ad Article 10, paragraph 3

The term “dividends” also includes income - even paid in the form of interest - which is treated as income from shares by the laws of the State of which the paying company is a resident.

6. Ad Article 12

If in any Convention for the avoidance of double taxation concluded by Lithuania with a third State being a member of the Organisation for Economic Co-operation and Development (OECD) at the date of signature of this Convention, Lithuania after that date would agree to exclude any kind of rights or property from the definition contained in paragraph 3 or exempt royalties arising in Lithuania from Lithuanian tax on royalties or to limit the rates of tax provided

in paragraph 2, such definition or exemption or lower rate shall automatically apply as if it had been specified in paragraph 3 or paragraph 2 respectively.

7. Ad Article 12, paragraph 3

It is understood that the term “information concerning industrial, commercial or scientific experience” is to be interpreted according to the Commentary on paragraph 2 of Article 12 of the OECD Model Tax Convention on Income and on Capital.

8. Ad Article 13, paragraph 2

For the purposes of paragraph 2, it is understood that gains from the alienation of shares shall be taxable in a Contracting State only to the extent of the value of such shares derived directly or indirectly from immovable property situated in that State.

9. Ad Article 15, paragraph 2

It is understood that remuneration derived by a resident of a Contracting State in respect of his personal activity as a partner of a company, other than a company with share capital, which is a resident of the other Contracting State, may be taxed in accordance with the provisions of Article 15, as if such remuneration were remuneration derived by an employee in respect of an employment and as if references to “the employer” were references to the company.

10. Ad Article 21, paragraph 7

It is understood that gains derived by a resident of a Contracting State from the alienation of shares referred to in paragraph 7 c) may be taxed in the other Contracting State to the extent of the value of such shares derived directly or indirectly from the rights or property as mentioned in paragraph 7 c).

In witness whereof, the undersigned, duly authorised thereto, have signed this Protocol.
